

IDENTIFICATION NEEDED FOR A MILITARY ID CARD

NAMES MUST MATCH
THE NAME IN DEERS

RAPIDS VO's must authenticate customer identity by reviewing and scanning two forms of identification before issuing any DoD card. Scanning primary and secondary documents into their appropriate categories in RAPIDS is critical for identity validation and data storage. When we issue ID cards to customers, we are providing access to DoD facilities and applications. Therefore, we all have to do our part to prevent errors and minimize opportunities for misrepresentation or fraud.
